Kajaks

For Everybody:

Point 65 Mercury GTX Solo/Tandem

Length: 414/545 cm | Width: 60 cm | Weight: 25/35 Kg |

Cockpit: 83 x 46 cm | With control system | Capacity: 130/240 kg

This kajak s a high performance, stable, decked modular touring kayak with a large cockpit and the innovative Snap-Tap™ system. It can be rented as SOLO or TANDEM - ALL IN ONE! We snap in the tandem mid-section and Solo is transformed into a high-performance Mercury 18 Tandem - so you can head off together in one kajak!

Kaitts

The Kaitts kajaks are suitable for beginners and advanced drivers who value comfort. They are elegant, fast touring sea kajaks. The newly constructed hull is a round span flattened in the middle with a long waterline. As a result, despite its width of 68 cm, you can quickly get going without having to forego tipping stability. The keel is equipped with a fin and ensures very good straight-line stability.

Kaitts Freedom Move

Length: 400 cm | Width: 66 cm | Weight: 24 Kg | Cockpit: 97 x 50cm | Material: PE | Capacity: 150 kg

Kaitts Double-Flash

Length: Length: 520 cm | Width: 68 cm | Weight: 35 Kg | Cockpit: 84 x 42 cm | With control system | Capacity: 210 kg

For the Advanced:

Tahe Marine Playspirit PE

Length: 467 cm | Width: 59 cm | Weight: 26 Kg | Cockpit: 90 x 49 cm | With control system | Capacity: 120 Kg

The PlaySpirit PE is designed to keep things fun and comes with a skeg and rudder combination. With rocker hull-shape this is a playful kayak. PlaySpirit handles great in the waves and is also rather easy to roll. With a hard chine and a V-shaped bottom with fine endings at the bow and stern, this kayak is made to maneuver.
